EMC-A1f at 01(Rotary Mobile Charger)

No power resources and can charge your mobile phone just by cranking the handle.

Built-in safe circuitry (stable charging voltage and rated current) to prevent from the damage to the mobile

phone. Maximum rotation rate: 140 times/minute.

It can be a supply for other electrical appliances such as radio, CD players and other PDA devices etc.

LED Indicating functions when charging. Build-in LED can be a guild for emergency use.

Patented Dynamo Flashlight With Radio MS-503

Patented dynamo flashlight; Never Needs Batteries; Never Be Without Light Again. Streamline designed body, which is of top beautiful appearance and comfortable hand feeling.

Adopting the mechanical device to generate electricity with sophisticated structure and high working efficiency without using batteries.

Adopting imported super-bright LED as the light source, it is naturally and softly lighted; Meanwhile a guarantee of the light source more than 10000 hours, which is high efficient and energy saving.

The FM radio set is easy to use, with perfect sound. Wherever you can keep contact with the world.

Double power sources. Charging with Dynamo itself or through external connection to the power adapter. (DC6V 100-150mA) Not included.

Three light sources (LED) design with ultra super brightness.

Winding by hand for 1 minute, it can light up continuously for more than 10 minutes.

Color availability: Silver gray, yellow, orange, purple.

Forever Shake Flashlight

Get lit up in two shakes. This forever flashlight is an ingenious invention. A torch that gets its power from induction, you shake it and it shines. 30 Seconds of Shaking provides up to 3~5 minutes of continuous bright light; Light visible for up to one Mile. Shatter-proof LED bulb; Water-proof design; Zero maintenance. Available in several sizes, 28cm/24cm/17cm. several exterior colors

Solar and Dynamo Reading Lamp Item No. 2275

Product Name	Solar and Dynamo Reading Lamp	Item NO.	2275
			
<p>Product Description: It can be charged in three ways: 1: charged in the sun; 2: by hand-cranking; 3: by USB connecting to the computer.</p> <p>Size: 17x6X7cm (Extension length:28CM) Weight: 0.16KGS. Materials: Thermoplastic ABS resin. LED: 6LEDs, each of above 13,000MCD Storage battery: 1.2V600mA NI-CD Switch: stepless light-adjustable switch. Certificates: CE, ROHS.</p>			
<p>Remark: Many Colors Choice</p>			
		<p>Charged by the USB: (with USB Cable optional) connecting to the computer for 3 hours. it can work for 4-5hours.</p>	

	<p>Used Dynamo Function: Crank it clockwise or anticlockwise for 1 minute, it can work for 15 minutes.</p>				
	<p>Used Solar Function(battery adjustable) It has 3 specifications:</p> <p>NO1:Solar panel: 4V70mA(0.28w). Charged in the sun for 10 hours, it can work for 4-5 hours in strongest brightness.</p> <p>NO2:Solar panel: 4V50mA(0.20w). Charged in the sun for 14 hours, it can work for 4-5 hours in strongest brightness.</p> <p>NO3: Solar panel (non- crystal) 4V16mA Charged in the sun for 8 hours, it can work for 1.5 hours in strongest brightness. Fully charge,can work 4-5 hours.</p>

Solar Mini Reading Lamp Item No. 2262

<p>Product Name</p>	<p>Solar reading lamp</p>	<p>Item NO.</p>	<p>2262</p>
			

Product Description :

Crust: adopts thermoplastic ABS resin.

Size: 10.5 x 9.5 x 3.8cm(reading:16cm)

Net weight:0.26KGS

Linotronic LED: 4 LEDs. Illumination brightness of each: above 13000mcd.

Batteries: 4 or 2 NI-CD/MH chargeable storage with 1.2V/600Ma.

It can charge the chargeable storage battery of AA (Number: 5)

Technical Parameters

2262-1	Solar panel Storage battery	4V70mA (0.3W) With four 1.2V 600mA NI-CD Storage batteries	Charged in the sun for 8 hours, it can work for 5-6 hours in strongest brightness;18 hours to fully charge it, and then it can work for 9-10 hours in strongest brightness.		
2262-2	Solar panel Storage battery	4V50mA (0.2W) With two 1.2V 600mA NI-CD Storage batteries	Charged in the sun for 8 hours, it can work for 2-3 hours in strongest brightness.14 hours to fully charge it, and then it can work for 5-6 hours.		
Packing details	Master CNT Size (CM)	PCS/CTN	G.W	N.W	Single Packing
	55x31.5x24.5cm	60	17.6KGS	16KGS	Color box

Solar Mini LED Lantern Item No. 2271

Product Name.	Solar Mini LED Lantern	Item NO.	2271
			
			

Product Description :

- **Crust:** adopts thermoplastic ABS resin and transparent portion uses imported. ABS highly transparent resin.
- **Size:** H:16cm;D:12cm,Net weight:0.26kgs
- **Luminated material** embedded in the handle. The switch is stepless light adjustment type.

- Linotronic LED: 6 LEDs (highly bright luminotrons).each of above 13,000MCD.
- Batteries: two Ni-CD/Ni-MH 1.2V/600mAh chargeable storage batteries.
- Turn the switch clockwise, do not twist it with force when reach to the end,otherwise the switch might be damaged.
- It can charge the chargeable AA storage battery (No. 5).
- It should be used at least once per six months.

Technical Parameters

2271 -1	Solar panel	4V70mA (0.3W)	Fully Charged in the sun for 10 hours, it can work for 4-5 hours in strongest brightness.
	Storage battery	With two 1.2V 600mA NI-CD Storage batteries	
2271-2	Solar panel	4V50mA (0.2W)	Fully Charged in the sun for 14 hours, it can work for 4-5 hours in strongest brightness.
	Storage battery	With two 1.2V 600mA NI-CD Storage batteries	

Remark: Many Colors Choice

Packing details	Master CNT Size (CM)	PCS/CTN	G.W	N.W	Single Packing
	52x38x36cm	24	9.4KGS	6.3KGS	Color box

Mini Solar Keychain Flashlight Item No. 2287

Product Name.	Mini solar keychain flashlight	Item NO.	2287
	 		
Size: 7 x 4.1 x 2.1cm Net weight: 0.031KGS			

Product Description :

- **Crust:** the enclosure is made of the imported with original packaging AS high transparent resin.
- **The internal strcture** is made of AS resin.
- **Linotrons:** LED. Illumination brightness: above 13,000mcd.
- **Batteries:** 1.2V/40mA Ni-MH environmental protection rechargeable storage batteries.
- **The smallest pattern** of the solar product series, Can be matched with all kinds of key rings.
- **Charging under the sun** for 3 hours can last for 1.0 to 1.5 hours.

Technical Parameters

Solar panel,non-crystal	2V20mA	Charging under the sun for 3 hours can last for 1.0 to 1.5 hours			
Storage battery	NI-MH	40mA			
Packing details	Master CNT Size (CM)	PCS/CTN	G.W	N.W	Single Packing
	37x24x32cm	200	8.2	6.2	Color box

Waterproof Dynamo Flashlight Item No. 2276

Product Name	Waterproof Dynamo Flashlight	Item NO.	2276
			
			

Product Description

Waterproof
Size:40x30x142.5mm.
Weight:120g.
Materials: Thermoplastic ABS resin;silver-sprayed.
LED: Uses 3LEDs, each of 13,000MCD.2LEDs red light.
Battery: 3.6V80mA Ni-MH
Switch: self -lock switch,

Three functions:
1: illuminating.
2: red light flashing for alarm.
3: turn off the light.
Certificates: CE, ROHS.

Remark: Many Colors Choice

	<p>Cranking it or screwing the rump for 1 minute (120 circles), can continually be used for 10 minutes.</p>
	<p>Charged by USB(Optional): connecting to the computer 2hours, continually work for 3.5-4 hours. Charge mobile phones for urgent use.</p>
	<p>With a compass in the rump.</p>
	<p>1. Please open the rump, when charging it by hand-cranking, otherwise the rubber circle will be damaged. 2. When charging the mobile phones or charged by USB, open the close circle in the head and pull it up lightly. Please see the ico in the flashlight, and be sure to turn the switch to the right ico, when charge the mobile phone or charged by USB. 3. It is not waterproof, when the above two function is working, if used under the water, please screw the close circle both in the head and rump tightly. 4. Alarm function: make alarm when the red light is flashing.</p>

Solar Lighting Cup Item No. 2288

Product Name	Solar Lighting Cup		Item NO.	2288	
					
Product Description					
<p>This item is fixed with LED Under the lid. No batteries required, charged by solar energy, it can work for a very long time. The white light can be used as a reading lamp, and the red light flashes to give an alarm.</p> <p>Technical Data: Size: 19XΦ8 cm; Cubage:600 ml ,Weight:179g Materials: Cup made of Imported AS resin, the lid made of Thermoplastic ABS resin. LED: 3LEDs, each is above 13,000MCD; 3 red warning lights. Solar panel: Non-crystal:5.5V 12mA Battery: 3.6V80mA NI-MH. Switch: self- lock switch in three steps: 1. white light; 2. red warning flashing light. 3. off.</p> <p>Function: 1. Waterproof 2. Charged in the sun for 8 hours, it can work for 3.5-4 hours. 3. Open the lid, and insert the lid along the screw thread, it can be used as a reading lamp (Note: When using it as a read-lamp, there must be some water in the cup to balance it) 4. The red light can flash, with alarm function</p> <p>Certificates: CE, ROHS.AZO FREE</p>					
Packing details	Master CNT Size (CM)	PCS/CTN	G.W	N.W	Single Packing
					Color box

Solar Flashlight Item No. 2261

Product Name.	Solar flashlight		Item NO.	2261		
						
Product Description						
Crust: adopts thermoplastic ABS resin.						
Size: 5.5x15.5cm ,Net weight:0.15KGS						
Color: spray-paint of silver gray.						
Linotrons: 3 LEDs, Illumination brightness of each: Above 13,000mcd.						
Batteries: chargeable/Storage: 1.2V/400mA.						
Technical Parameters						
2261-1	Solar panel	4v70mA		14-16 hours' charging under the sun, for illumination of 8-10hours.		
	batteries	With four 1.2/400mA NI-CD batteries				
2261-2	Solar panel	4v50mA		10 hours' charging under the sun, for illumination of 5-6 hours.		
	batteries	With two 1.2/400mA NI-CD batteries				
Packing details		Master CNT Size (CM)	PCS/CTN	G.W	N.W	Single Packing
		38x34x33.3cm	60	10.2KG S	9.38kgs	color box

Hand-Pressing Flashlight Item No. 2263

Product Name.	Hand-Pressing Flashlight		Item NO.	2263	
					

Product Description:

Crust: adopts thermoplastic ABS resin

Size: 5.5 x 15cm

Net weight: 0.15KGS

Linotronic LED

Illumination brightness of each:above 13000mcd

Batteries:Three chargeable storage: 1.2V/70mA

Pressing it by hands for one minute for illumination of 10 minutes

Fully charging of the storage batteries can make the flashlight illumination 3 to 4 hours

Remark: Many Colors Choice

Packing details	Master CNT Size (CM)	PCS/CTN	G.W	N.W	Single Packing
		39x32x33cm	60	10.8kgs	9kgs

Pull Chargeable Flashlight Item No. 2273

Product Name	Pull Chargeable Flashlight	Item NO.	2273
			
Size: Φ 3.3cm ,Body: Φ 2.9cm Total length: 10.9cm Net weight: 0.076kgs			Packing: 36.5x36.5x24cm QTY: 200pcs, N.W: 15.3KGS /G.W: 17.5KGS

Product Description :

- **Adopts thermoplastic ABS resin.**
- **Color:** spray-paint of silver gray.
- **Luminotrons:** 3 LEDs,each above 13,000MCD.
- **Batteries:** NI-MH 3.6V 80mA environment-protected storage battery,
- **Can be used for a long time without replacing any fitting because it adopts advanced brushless motor to generate electricity.**
- **The product also adopts stepless brightness regulating switch,.**
- **It can illuminate 30 minutes when pulled for one minute, full charging of battery can last for 2.5-3 hours.**

Multifunctional Dynamo Flashlight Item No. 2272

Product Name.	Multifunctional Dynamo Flashlight	Item NO.	2272
			
Size: 9.5 x 5 x 3.2cm Net weight:0.095kgs		Packing:30x30x33.5 QTY:120pcs,N.W:11.5KGS/ G.W:13KGS	

Product Description :

- Crust: adopts thermoplastic ABS resin.
- The light head adopts fluorescent material. Can shine in darkness.
- Linotrons: 5 LED (high), Illumination brightness of each: above 13,000mcd.
- Batteries: YHZ Ni-MH and 3.6V/80mAh chargeable.
- Adopts advanced brushless motor to generate electricity which can be used for a long time without replacing any fitting.
- optionally clockwise or anticlockwise direction for one minute can have it use for 30 minutes.
- Charged by USB for 3 hours, it can illuminate for 5 hours be charged by USB connecting to the computer.
- also by any kind of mobile phone under emergency..
- Adopts brightness adjustable switch, You can adjust the desired brightness and control the using time.
- Can be rotate in 180 degrees, can be placed as you like and the illuminating angle can be adjusted at random.
- It also can be put high to be used as table lamp.

Hand-crank Dynamo Flashlight Item No. 2266

Product Name.	Hand-crank Dynamo Flashlight	Item NO.	2266
---------------	------------------------------	----------	------

		
<ul style="list-style-type: none"> ● Size: 9.6x4x2.8cm ● Net weight: 0.089KGS 		Packing:35x29x22.6cm QTY:120PCS,N.W:10.7KGS ,G.W: 12.7KGS.
<p>Product Description :</p> <ul style="list-style-type: none"> ● Crust: adopts thermoplastic ABS resin and high-precision gear assemblyNi-B magnetic ring, which can be charged fast ● Linotronic 3LEDs ● Illumination brightness of each:above 13000mcd ● Batteries: three chargeable storage 1.2V/70Ma ● Three-lamp type: illuminate for 10 minutes, after 1 minutes' hand-winding (140 turns), ● Full batteries: can illuminate 1.6 to 2 hours 		

Dynamo Lighting Cup Item No. 2009

Working principle:

This product adopts 3-phase brushless generator to generate the power to charge its inside 40 mAh/3.6v LIR2032 battery after rectified and LED lighting model can be shifted by its circuit control: 3 super bright LEDs on--off -3 red LEDs on-off for a circle.

Product functions:

Sealed, waterproof, It needs no power source, just rotate the handle.

For it has bright diode, Bright White LED for task lighting. Night-Vision Red LED for Alarm.

The Bottle 1000ML Cubage enough big and Wide Mouth for easy mixing & cleaning.

Product features:

Sealed,It needs no power source, just rotate the hand

Bright White LED for task lighting

3 super bright LED lights (39,000MCD).

Night-Vision Red LED for Alarm

Wide Mouth for easy mixing & cleaning

Ergonomic shape: easy to grip, won't roll

Tough Polycarbonate won't absorb flavors

Main technical parameters:

ITEM	PARAMETER	UNIT
2009	Adjustable	
1 Max. brightness	2 39000	3 Mcd
4 Lighting time after 1minute cranking(3 white LEDs)	5 ≥ 18	6 minute
7 3LEDs lighting time after charged fully	8 ≥ 2	9 hour
10 Flashing (3 red LEDs) time after 1minute cranking	11 ≥ 60	12 minute
13 Flashing frequency	14 2	15 Hz
16 LED lifetime	17 100000	18 hour
19 Switch lifetime	20 10000	21 time
22 The whole unit lifetime	23 5	24 year
25 Plastic part lifetime	26 5	27 year
28 Capacity of Bottle	29 1000	30 ml
31 weigh	32 268	33 g
34 Size	35 215* Φ 96	36 mm

Use method:

1. For Lighting:

Hold the unit and crank the handle by another hand at the speed of 2.5-3 circles per second for about 1 minute, push the switch forward to turn on the light.

2. For Bottle

USES:

1. Outdoor/Camping: reading, cooking, dining.
2. Boats: waterproof cockpit, cabin, dinghy light.
3. RV/Auto: handy emergency and safety light.
4. Travel: all-in-one flashlight and water bottle.
5. Home/Safety: safe kid nightlight.
6. Hunting/Fishing: for cabins, camps & boats.
7. Adventure Racing: lightweight and sturdy.

Important!

1. Can I wash it in a dishwasher?

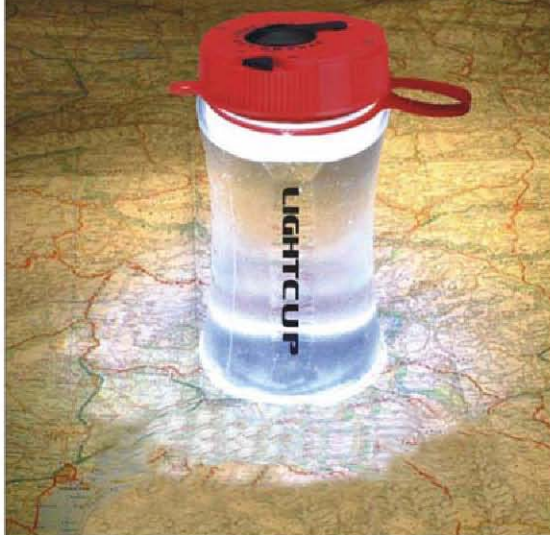

A. The bottle: yes. The cap: no. While the cap is water-tight, it probably wouldn't enjoy the scrubbing bubbles or harsh heat of a dishwasher. Just wash it lightly (and quickly) with warm, soapy water and dry the top well.

2. Can I use it underwater?

A. Although it might work if submerged for a few feet for a couple minutes, we certainly don't recommend it. And if you send it back to us for a replacement and we find fish inside we'll KNOW you did a no-no.

LIGHTCUP

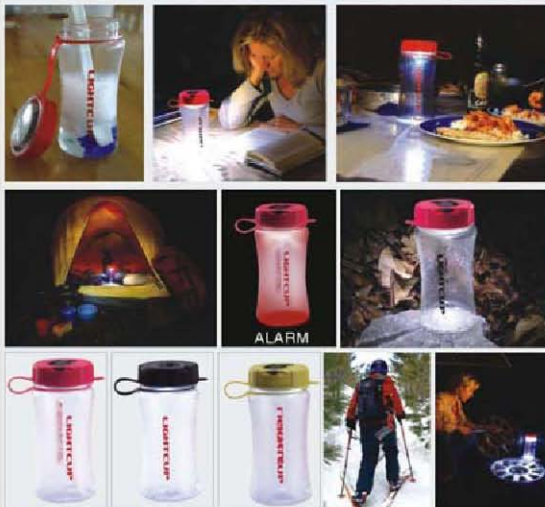

FEATURES:

1. Sealed. It needs no power source just rotate the hand
2. Bright White LED for task lighting
3. Night-Vision Red LED for Alarm
4. Up to 1 hours of light per charge
5. Wide Mouth for easy mixing & cleaning
6. Ergonomic shape: easy to grip, won't roll
7. Tough Polycarbonate won't absorb flavors

USES

1. Outdoor/Camping: reading, cooking, dining
2. Boats: waterproof cockpit, cabin, dinghy light
3. RV/Auto: handy emergency and safety light
4. Travel: all-in-one flashlight and water bottle
5. Home/Safety: safe kids nightlight
6. Hunting/Fishing: for cabins, camps & boats
7. Adventure Racing: lightweight and sturdy

 No dry battery or bulb required.
  Waterproof.

Solar Window Light SWL01

Solar Window Light SWL01

Are you looking for a solar powered bedside light or a camping solar nightlight? Or maybe you're looking for a nightlight in your bathroom but don't want to use up your only electric outlet? If you're looking for a small, portable solar powered light that you can stick just about anywhere, now there's an answer, the solar powered window light.

Stick it to the inside of any window with good sun access and it will charge enough for up to eight hours of light in only 3-4 hours (depending on the sun).

Put one near any door, stairs, and your electric panel, in any bathroom or hallway? Anywhere there's a nearby clear glass window to stick it to. Get several and keep your camper, trailer or cabin well lit with absolutely no energy draw! You can even attach one to a window for charging during the day, then move it to where ever you need it at night.

It is great for all kinds of applications, including boating and marine, RVs and camping and for travel.

Parameters & Prices:

Lighting Duration:5-30Hours Material: PC

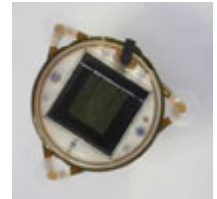

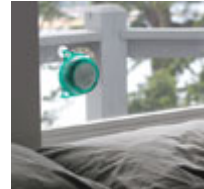

Solar battery panel: 0.5w/4v mono-crystalline solar panel

Battery:2pcs 900mAH 1.2V Ni-MH rechargeable battery

Light Source: Super Flux LED 6pcs,angle 120 degree,mcd:3500-4000MCD

With 3-position switch, with right:1 super flux LED light up; switch center: super flux LED off.; Switch left:6 super flux LEDs light up

CE & ROHS Certificated

Super Flux LED

Solar Candle Lights

A Solar Candle Light, to never forget and to decorate.

The solar candle light is really nice.OK, you can use it as a memorial light or a solar eternal light, but apart for remembering our loved ones;

solar powered candles will definitely give a special touch to your deck, patio, garden, windows, or even to your dining table.

Whichever the way you choose to use it, you can expect a beautiful effect.
Solar candle lights look like real candles, without their drawback.

They will stay lit in windy or rainy nights and most importantly, the fact that they don't generate any flame makes them very safe.

Last but not least, if like me you hate removing melted wax on furniture and clothes, a solar candle light is perfect.

Solar candles are designed to realistically reproduce the flickering flame of a real candle.

1. Control mode: one touch switch, ON or OFF;
2. Battery: Ni-Mh adjustable;
3. Lighting source: LED color optional;
4. Material: ABS, color can be made according to customers` requirement.
5. Size: 120*53mm, weight: 100g, 120pcs/carton/51.5*39*35cm, g.w: 14kgs/carton/n.w:13.2kgs

6. CE & ROHS Certificated
